

# SOME MOSELEY PERSONALITIES

## VOLUME I

A very large number of people of both local and national interest have lived in Moseley for some part of their lives. The Moseley Local History Society is preparing biographical sketches of these people, and hopes to publish selections of these notes (of which this is the first) from time to time.

The particular personalities which we have chosen to include in this first volume have been selected on no special principle other than that they were among the first to have been completed, though it has been our deliberate policy to include in any one volume a representative mixture of longer and shorter entries. Those included in Volume I are, in alphabetical order :-

**The Balden Family, of Balsall Heath House**

**Joseph Chamberlain**

**Percy Harrison**

**Sir John Holder**

**Sir Barry Jackson**

**Cyril Lander**

**Joseph, Harry and Oliver Lucas**

**Sir Herbert Manzoni**

**Sidney H. Meteyard and Kate Eadie**

**Henry V. Morton**

**J. R. R. Tolkien**

**William Dyke Wilkinson**
