**Moseley Hall Dovecote at the entrance to Moseley Hall Hospital and the Icehouse in Moseley Park.** Both will be open monthly between April and September. The openings are between 2.30 – 5 pm, usually on Farmers' Market Saturdays.

In addition to opening the dovecote, we have created an 18C style garden nearby. We welcome volunteers to help maintain this on the first and third Sunday mornings of each month. Also volunteers help to clean Moseley Car Park on the Sunday morning following Farmers' Markets. For further details please contact the relevant person listed below:
